Do you think these Web Tools belong in the classroom? Which one(s) and why or why not?

If carefully monitored, any of them could be very useful. I think social media should stay out of the classroom. As a school counseling candidate I have seen to many incidences of cyber-bullying. I believe that wiki and blog sites could be useful for the classroom as another way to connect information in the classroom with information outside of the classroom. I would love to use social networks in the classroom. I think most of the above Web Tools can be used in the classroom. I do not think that Social Networks should be used because it is hard to control the content. Yes, I think they can ...
