Phase 1 Review Tools and Submission Area

Reviewers

Hope V >>> I will be glad to do slides 2, 6 & 7.

David R >>> In our final discussion thread PPT build, I would like to volunteer to do slide 1 (introduction) and slide 3 (instructional design) out of the 7 slides.

Barry T >>> I will work on Slide 4 (Student Assessment) and 5 (Technology)

From David: This is my rough (very rough) course review notes. The thing that might be helpful, however, is that I was very careful to put PROS (+s and CONS (minuses) into the document in chronological sequence. Barry: As you compile a consensus spreadsheet (thank you for taking this on), this document below might come in handy.

Yes, David thank you for this! It will add to the review and I like the PROS and CONS idea!
