

## Causes of World War II An ASSURE Based Lesson

### Analyze Learners

The class is comprised of 16 students in the 5<sup>th</sup> grade. All students can access the internet, read, and write.

### State Objectives:

Given access to online resources, the fifth grade students will identify facts about the Causes of World War II with 80 % accuracy.

### Materials:

- A computer with internet access for each student.
- A computer with internet access connected to a projector.
- A brainpop subscription or free trial at [www.brainpop.com](http://www.brainpop.com).
- Quia Causes of World War II Activities link - <http://www.quia.com/jg/1717597.html>
- Quia Causes of World War II Quiz link - <http://www.quia.com/quiz/1934446.html>

### Utilize Materials:

A movie will be displayed on an interactive whiteboard from the teacher computer connected to a projector. The teacher will watch the movie prior to the lesson, determine the portions relevant to the activities, and quiz. Students will individually have access to a computer, the internet, and two websites containing activities and a quiz about the causes of World War II.

### Learner Participation:

Students will watch as a group a brief overview of the causes of World War II on a brainpop movie. After viewing the brainpop movie about World War II, students will access and use one or all three activities on Quia.com to assist in learning the causes of World War II. After using the Quia.com activities, students will take the quia.com Causes of World War II quiz.

### Evaluation:

The instructor will observe student performance on the Quia.com activities. The instructor will also review student performance from the Quia.com database on the World War II quiz.
