

Educational Resources for Web-Enhanced Learning Activities: Personal and Course Website Description and Grading Criteria

Description

Using directions provided on the course website and given in class, students will create a basic webpage that will serve as the home page for all of the instructional projects created in the class. The student will complete their website in class then update it from the computer that they will be regularly using for the class.

(Course Objectives 1, 3, 4; Knowledge, Skills, Disposition; rubric).

Grading

The following criteria will be used to evaluate this assignment.

| Item | Criteria | Points |
|--------------------------|--|---------------|
| Assignment Content | Assignment directions followed. Written responses are clear, free of errors, and demonstrate mastery of the content. | 2 |
| Technical Considerations | All technical aspects of the assignment such as interactive elements, links, graphic files, and multimedia files (if applicable) work. | 2 |
| | Total Points | 4 |
