 Former Student Questionnaire/Interview

1. Have you, as a former HTM SLC student been able to market yourself professionally with the life-skills obtained through the HTM program?
   Yes

2. Describe the important skill sets you have acquired through the HTM Career Program at Douglass High School!
   The important skills sets I acquired were being marketable, being open/prepared for opportunities to advance myself, and managing time and money.

3. How has being involved with the HTM program given value to you, your family and community?
   Being involved in the HTM program has brought value to my life by teaching me the importance of being hospitable to all. Through the many projects, such as community clean-ups and internships, I was able to helped various communities and students.

4. Describe how the HTM program was able to instill integrity, and confidence in using the acquired Hotel/Tourism/Marketing skills?
   Integrity was instilled in me through learning how to market myself and be comfortable in any environment.
Confidence accompanied I, when I learned how to be hospitable to all different types of people.

5. Do you have any recommendations for the HTM program and new students currently going through the program? Do not give up on the service projects and outings for the current students matriculating through the program. It is through those projects and outings that opportunities to be exposed to the real world are brought forth. When students have those opportunities, they are better equip to enter the real world post-graduation.
