

Assure Lesson Plan

I. Analyze learner

Second grade students in language arts learning about the difference between comparative and superlative adjectives.

II. State the Objective

Student will learn how to identify adjectives and their comparative and superlative forms with 100% accuracy.

III. Require learner participation

Students will use the website and listen to the directions. They will correctly match the comparative and superlative adjectives to the corresponding picture in multiple trials.

IV. Evaluate Lesson

Teacher will observe individuals students playing the game. Teacher will also play the game for the whole class to participate and identify order. Teacher will also ask student's opinion about game.

V. Select Media

VI. Utilize Media

Students will access website in computer lab at the end of the lesson for practice.
