

EMOTIONS LESSON PLAN

ASSURE Lesson Plan

I. Learner Assessment

Students are in Elementary School (Kindergarten) learning about emotions.

II. State Objectives

Students will be able to correctly identify an emotion with 100% accuracy.

III. Select Media

Computer/Internet

Flashcards

IV. Utilize Media

Students will access website in the school computer lab.

(<http://www.do2learn.com/games/feelingsgame/index.htm>)

Students will also use emotions flash cards to first learn about the concept before playing the online game.

V. Require Learner Participation

Students will correctly identify an emotional state following the directions on the website (teacher will read directions to the class).

Students will also pair up and use flash cards.

VI. Evaluate the Lesson

Teacher will observe students playing the games and assist as needed.

Teacher will also ask the entire class at the end to identify a series of emotional states.
