

Kristen Honaker ~ MEDT 7462 ~ Spring 2010

Assignment	Reflection
3.1 Personal Course Website	<p>For this assignment, I created my own website that will updated throughout the semester to showcase my work. The website will consist of links to my work as well as a reflection on each assignment. In order to complete this assignment, I had to become familiar with NVU and Win SCP. I have never used either of these tools before. In fact, I had never even heard of them prior to our face to face meeting. I think that learning how to create and utilize this site will benefit me in this class and in future classes.</p>
