Slideshare.net– What a great way to collaborate!!

How can teachers use Web 2.0 online presentation tools?

- 1. To collaborate on class projects
- 2. To create, publish and share
- 2. For embedding videos and images
- 3. Peer editing/revisions
- 4. To increase engagement in both the development as well as the consumption of information
- 5. To support the learning of others

Together we are making something new.

- I am a part of all that I have met…to strive, to seek, to find, and not to yield.
  - "Ulysses" by Alfred, Lord Tennyson
