

Use a shelf marker, you can't go wrong,
Put books back where they belong.

Return your books when they are due,
so others can enjoy them, too.

Keep your books clean and neat,
away from all you drink and eat.

If you need to save your place,
stick a bookmark in that space.

Turn the pages with great care;
leave them whole without a tear.

Keep books safe and out of view,
from little ones and dogs that chew.

When in the library make this choice:
always use your quiet voice.
